

VA. PRESS MEN READY TO MEET

Newspaper Men's Twenty-Second Convention Will Convene in July.

Roanoke, Va., June 12.—Charles I. Stewart, general manager of the Lexington, Ky., Herald, and chairman of the Southern Newspaper Publishers' newsprint committee, will be one of the speakers at the thirty-second annual convention of the Virginia Press Association to be held at Blue Ridge Springs, July 14, 15 and 16. Other speakers will include C. W. Page, of the Page Advertising Agency, Richmond, whose subject will be "The Relations of the Publisher and the Advertising Agency"; Col. W. S. Cleveland, of the Newport News Times-Herald, on "The Evolution of the Virginia Newspapers"; a report on the newsprint situation to July 1 by R. S. Kellogg, secretary of the Newsprint Service Bureau, of New York; H. C. Sullivan, of the Baltimore Sun, on "The Power of the Press"; and Judge C. J. Campbell on "Legal Advertising."

On Friday, July 16, the last day of the convention, the delegates will go by train to Bedford and thence by auto to the Peaks of Otter, after which a luncheon will be served at Hotel Mons. That night the association will be the guest of the Board of Trade and the Young Men's Business Club, of Bedford, at a banquet to be given in the spacious dining-room at the Elks' National Home. Among the speakers at the banquet will be Judge George E. Cassell on "How the Press Helped to Win the World War and Everlasting Peace"; Folger McKinney, the "Bentzenwood Bard," of the Baltimore Sun. Reservations for rooms at Blue Ridge Springs must be made through the secretary by June 15. Members using the Norfolk and Western, the Chesapeake and Ohio or the Southern railways will take receipts for amount of tickets and send same to the general passenger agent of each road, who will send advertising to cover as provided for under the new State law.

NEGRO SHOTS FOUR. FIRES ON POLICE, TOO

Norfolk, Va., June 12.—After shooting to death two colored women and wounding two other negroes, John Nash, also colored, barricaded himself in his father's home near South Norfolk and fired upon a posse of police.

Nash was a member of the American Expeditionary Force in France, and is said to have lost his mind as a result of being gassed while in the trenches.

Nash claimed people were trying to "conjure" him, and had hooded a mule. When the police arrived Nash fired about twelve shots at them before being subdued. Several times he cried out that he was ready to surrender and as the officers approached he again opened fire on them from beneath a bed. Finally the officers shot his pistol from his hand. Six pistol shots took effect in various parts of Nash's body, but none of the wounds are thought to be serious.

32 Virginia "Wets" Plead Guilty.

Danville, Va., June 12.—Thirty-two men charged with violating the state liquor law pleaded guilty in two days during the present court session, submitting their cases on the understanding that they would be fined \$10 for "drinking in a public place." Various allegations were made but by pleading guilty to this specific clause they knew that the penalty was the least severe. Jail sentences, where imposed, were suspended by the court.

'Man of 100 Loves' is Fast Worker

John Roy Dew, the "man of 100 loves," was a fast worker, according to Miss Mildred Hunter, 17, daughter of Mrs. L. C. Hunter, of Los Angeles. In less than a week Mildred consented to elope and Mrs. Hunter had loaned Dew \$350. He said he was wealthy and had an estate in Vancouver, B. C. Dew is an ex-convict and boasts that he has won the hearts of more than 100 women and that one of them gave him \$200,000. He is known in many cities as a heart-breaker. Now he is in jail on a charge of false hotel registration while the police check the charge that he stole \$2,500 worth of gems from a woman in Los Angeles.

MEN STRIKE WHEN UNION IS DENIED

Martinsburg, W. Va., June 12.—Because the Standard Lime and Stone Company refused to recognize their union, several hundred employees late yesterday went on strike, declaring they would not return until their organization had been accepted. This morning the company began serving notices on all employees occupying company houses to vacate. The company operates two large quarries near this city. Daniel Baker, of Baltimore, is the chief owner.

MOUNT VERNON GETS BEQUEST

Will of Nannie D. B. Washington Distributes Historic Property.

Winchester, Va., June 12.—The National Museum in Washington, the trustees of Mount Vernon and several relatives and friends are to share in the distribution of jewelry, plate and family heirlooms of Mrs. Nannie D. B. Washington, widow of Col. Burwell Bassett Washington, who died recently in Washington, and whose will had been probated here.

Her sister, Miss Mary Spotswood Buchanan, of Winchester, is residuary legatee. Lawrence Washington and Samuel Thomas were nominated as executors. A signed ring which had belonged to Gen. Otho H. Williams, was bequeathed to the National Museum. A bedstead, known as the Gen. George Washington camp bed, is to be placed at Mount Vernon. Her husband's watch was given to my friend, "Le Quan," and George Washington's miniature, painted from life, was bequeathed to Lawrence Washington. Some of the articles to be distributed among relatives also were owned by Washington and his family. Her life interest in "Waverly" farm of 600 acres, near Winchester, passes to relatives of her husband. The farm is worth about \$70,000.

Chitwood U. S. Attorney For Western Virginia

Winchester, Va., June 12.—At the request of Attorney General Palmer, an order has been entered by Judge Henry C. McDowell, appointing Joseph H. Chitwood, of Roanoke, Va., United States attorney for the western district of Virginia, to succeed Richard Evelyn Byrd, of Winchester. The appointment is to be in effect until such time as the vacancy in said office be filled. Mr. Chitwood has been assistant district attorney since Mr. Byrd was first appointed by President Wilson.

Chinese Slayer Awaiting Noose, Gains in Weight

Ziang Sun Wan's Appearance Vastly Different Since Court Days.

Ziang Sun Wan, the Chinese murderer who is in the District Jail awaiting death December 1, is by no means "losing weight" over the fact that his early days are numbered. On the contrary, when interviewed yesterday he said he had gained twenty-five pounds since being sentenced.

"I was sick about three weeks ago," he said, nervously stroking an embryonic mustache. "Stomach no good. But I've put on weight since I've been here. I'm not as heavy, though, as when I'm on the outside."

The difference in the Chinaman's physical condition now and when he was on trial for the murder of Ben Sen Wu, of the Chinese educational mission, is impressively palpable. His face, full, round and sleek, is in contrast to the drawn and hunted countenance of the Wan of the court room.

Your Blood Supply Must Be Pure Always

Vitally Important That All Impurities Be Kept Out.

Almost every human ailment can be traced, one way or another, to impurities in the blood.

You cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system.

Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remedies and tonics from roots and herbs gathered from the forests.

One of these formulas was handed down to the white man and for more than fifty years has been used as S. S. S., which is recognized as the best known blood medicine on the market.

This fine old remedy is still made as of old from roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficacy of these roots, and they are prescribed in some form or other almost daily.

And now after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.

S. S. S. is a very valuable agent in the treatment of Rheumatism, Eczema, Tetter boils, pimples, skin eruptions, and other disorders that come from blood impurities.

It is also without an equal as a general tonic and system builder.

By its efficacy in cleansing the blood of impurities, S. S. S. builds up the appetite and gives new life and vigor to the entire body.
